When graduates did not specify their income, but did provide a job title, we used the EDD Labor Market Info web site to estimate their salary based on job title. If a student did not respond to our queries but their LinkedIn profile indicated they had gotten a job within 6 months of program completion, we assumed it to be accurate. The EDD salary figures are available at [www.academyx.net/enrollment/disclosures/](http://www.academyx.net/enrollment/disclosures/).

**“Number of Students Who Began the Program”** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**“Students Available for Graduation”** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**“Number of On-time Graduates”** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**“On-time Completion Rate”** is the number of on-time graduates divided by the number of students available for graduation.

**“Graduates Available for Employment”** means the number of graduates minus the number of graduates unavailable for employment.

**“Graduates Unavailable for Employment”** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**“Graduates Employed in the Field”** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six months period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**“Placement Rate Employed in the Field”** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Salary”** is as reported by graduate or graduate’s employer.

**STUDENT’S RIGHT TO CANCEL**

I understand that I have the right to cancel and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. I understand that cancelling a program must be sent, in writing, by email or postal mail, to the training coordinator at the AcademyX branch where I am taking classes. The effective cancellation date is the date of email postmark or in-person delivery. I understand if I choose to cancel this program I must do so by \_\_\_\_\_.

**DISMISSAL AND REFUND**

Students may be dismissed on the basis of lack of attendance or a student’s conduct. Refund policy shall be the same for dismissals as for voluntary cancellations and withdrawals.

**CANCELLATION OF CONTRACT AND REFUND**

AcademyX will refund 100% of the amount paid for institutional charges, less the books/equipment/lab, assessment, registration and STRF fees in an amount not to exceed two hundred fifty dollars (\$250), if notice of cancellation is made before attendance at the first class session, or the seventh class day after enrollment, whichever is later.

**WITHDRAWALS AND PRO-RATED REFUNDS**

If a student withdraws from an educational program prior to completing 60% of the program, the student is entitled to a pro rata refund of charges paid. The refund calculation shall be:

(Total Charges Paid - Total Nonrefundable Charges) - [((Total Charges - Total Nonrefundable Charges)/Number of Days or Hours in Program) x Number of Days or Hours Student Attended]

***Example:***

A student registers for a 72-hour course with list price of \$1950. Student pays \$1035 composed of: \$975 in tuition (the other half due later) and \$60 of non-refundable books, equipment, lab, assessment, registration and STRF fees. Student withdraws from course after attending 24 hours of instruction. Refund is:

$$(\$1035 - \$60) - ((\$1,950 - \$60) / 72 * 24) = \$345$$

$$\$975 - (\$1,890 / 72 * 24) = \$345$$

$$\$975 - \$630 = \$345$$

$$\$345 = \$345 \text{ refund due}$$
