

School Performance Fact Sheet 2014 & 2015 Calendar Years

On the following pages are Performance Fact Sheets for the individual programs offered at AcademyX.

Salary Information

The tables on the following pages reflect the wage data for the job or job titles from two sources: 1) graduates that responded to our queries, and 2) the Employment Development Department’s Occupational Employment Statistics web site:

- Site: <http://www.labormarketinfo.edd.ca.gov>
- Overview: <http://www.labormarketinfo.edd.ca.gov/data/oes-employment-and-wages.html>
- Specifically: [http://www.labormarketinfo.edd.ca.gov/file/occup\\$/oeswages/cal\\$oes2016.xls](http://www.labormarketinfo.edd.ca.gov/file/occup$/oeswages/cal$oes2016.xls)

When we didn’t hear back from students we asked about wage data, we assumed they found jobs in their industry, and at the following average salaries based on representative job titles in the EDD’s Excel file. This is noted with an asterisk in the Performance Fact Sheets.

Definitions

¹“Number of Students Who Began Program” means the number of students who began the program who are scheduled to complete the program within the reporting calendar year.

²“Students available for graduation” is the number of students who began program minus the number of students who have died, been incarcerated, or been called to active military duty.

³“Graduates” is the number of students who completed the program within 100% of the program length.

⁴“Completion Rate” is the number of Graduates divided by the Number of Students Available for Graduation.

⁵“150% Graduates” is the number of students who completed within 101-150% of the program length.

⁶“150% Completion Rate” is the number of students who completed the program in the reported calendar year within 101-150% of the published program length divided by the Number of Students Available for Graduation in the published program length period.

⁷“Graduates available for employment” means the number of graduates minus the number of graduates unavailable for employment. “Graduates unavailable for employment” means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

⁸“Graduates employed in the field” means graduates who are gainfully employed in a single position for which the institution represents the program prepares its graduates within six months after a student completes the applicable educational program. For occupations for which the state requires passing an examination, the period of employment must begin within six months of the announcement of the examination results for the first examination available after a student completes an applicable educational program.

⁹“Placement Rate Employed in the Field” is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

¹⁰Number of Students Taking Exam is the number of students who completed the program within 150% of the published program length and who took the exam in the reported calendar year for the first time.

¹¹Exam Date is the date for the first available exam after the students completed the program.

¹²Passage Rate is calculated by dividing the number of students who passed the exam by the number of graduates who took the reported licensing exam.

¹³Number Who Passed First Exam Taken is the number of students who took and passed the licensing exam in the reported calendar year on the first attempt.

¹⁴Salary is as reported by the student. Not all graduates report salary.

*Student(s) did not respond to follow-up questions; we assumed they were employed in the field given the low unemployment rates in our areas of operation. For salaries not reported, averages based on job titles were taken from California Labor Market Info (<http://www.labormarketinfo.edd.ca.gov/data/oes-employment-and-wages.html>)
